

Limited Warranty

S&S Technology warrants its products to be free of defects in materials and workmanship. This warranty extends to the original purchaser for the period of time noted below. The warranty is limited to rectifying such defect and/or replacing such defective part, provided the part or the product is returned, shipping charges prepaid, to the S&S factory and it is found by S&S on inspection, to be defective in material or workmanship. The determination to repair or replace items covered under warranty shall be the sole right of S&S.

Brightness controls, variable transformers, electronic dimmers and rheostat foot switches will be replaced for up to ninety days after purchase. Glass heat shields, plexiglas viewing panels, lamps, cords and clips are not covered by warranty. Warranty time for all other items is one year from date of the S&S invoice to the original purchaser.

Labor costs are not covered by the warranty, except for the labor that is needed to replace or repair defective parts in a complete product which has been returned to the S&S factory (freight charges must be prepaid). Such product will then be returned to the purchaser F.O.B. factory.

Parts and products that have been improperly installed, overloaded, abused, damaged or altered in anyway are not covered by this warranty.

Other than the above described obligations, S&S Technology assumes no further liability with respect to the sale or use of its products.

This warranty is also void if the unit has not been registered with S&S and the DHEW as required by law.

Return Policy

Requests to return merchandise must be received by the office of S&S within thirty days from the date of the S&S invoice. Prior written authorization by S&S is required before merchandise is returned. Returns are F.O.B. factory and must have the shipping charges prepaid. Merchandise is subject to inspection for salable

condition and a minimum handling and restocking charge of 25% or \$25, whichever is higher.

Unauthorized Returns Will Not Be Accepted
